github.com/mshayankhan8688-web

PROFILE

Full stack developer focused on web products. I build interfaces with React and Next.js, and backends with Python (Django and FastAPI) and Node.js. I work across the stack, from the page a user sees through to the API, database, and the tools used to ship it.

EDUCATION

Bachelor's Degree — **2022 – 2026**
University of Management and Technology (UMT), Lahore

FSc — **2020 – 2022**
Forman Christian College (FCC), Lahore

TECHNICAL SKILLS

FRONTEND
React, Next.js, Tailwind CSS, HTML, CSS

BACKEND
Python, Django, FastAPI, Flask, Node.js, Express

DATABASES
PostgreSQL, MongoDB, MySQL

TOOLS
Git, Docker, AWS, Postman

SELECTED PROJECTS

E-Commerce Platform — Web demo

Next.js · React · TypeScript

- Built a storefront demo where a shopper can browse products and manage a cart.
- Checkout runs on the page and confirms the order without taking a payment.

RESTful API Service — Web demo

Next.js · React · TypeScript

- Built an API console demo that sends a request from the page.
- Shows the JSON response in the browser.

Data Scraper & Dashboard — Web demo

Next.js · React · TypeScript

- Built a dashboard demo of sample page results.
- Added search and a simple bar view for the rows on the page.
